

## Fine Tuning e-Submission

Reported by Ar. Chai Si Yong

The e-Submission training sessions have been postponed by SAINS due to the CMCO. Feedback and comments from previous sessions were noted by SAINS and brought up for a discussion with PAMSC on 26<sup>th</sup> Jan 2021.

Some salient points discussed are as follows:

- Administration of QSP's account by MLGH
- Criteria of QSPs
- QSPs' company information
- Renewal of professional registration
- OP inspection application
- Format of BP drawings
- Other submissions: structural plan, engineering plan, temporary structures & etc.
- Client's signature
- Calculation of fee and payment

SAINS and PAMSC agreed to highlight some of the matters raised to the coming Joint Technical Consultative Committee (JTCC) Meeting chaired by the Ministry of Local Government Sarawak (MLGH). MLGH will look into getting Land & Survey & Bomba's involvement in the e-Submission system and simplifying the submission format to optimize the efficiency of e-Submission, checking processes and approvals.

The discussion was conducted via Zoom and attended by representatives from SAINS and PAMSC Practice & Government Liaison Subcommittee members.
